

H₂O-PCT

Product Overview

The H₂O International Portable Countertop Filter reduces chlorine and other contaminants that may exist in tap water through three filtration stages: KDF 55, Granular Activated Carbon (GAC) and a 5 micron sediment pad, improving odor, flavor and appearance of municipal water. This product is ideal for use in small kitchens and/or recreational vehicle and campers. Excellent performance value per cost.

Product Highlights

- 3,000 gallon capacity
- Compact and lightweight
- 3 stage filtration: KDF / GAC with a 5 micron pad for sediment reduction
- Kitchen faucet diverter and adapters fit most standard faucets
- Quick connect fittings for simple installation/replacement
- Bacteriostatic media prevents bacteria growth (algae, fungi)
- Improves taste and color, eliminates odors
- Reduces most EPA-listed contaminants
- Laboratory tested
- Includes a prorated warranty

Max Capacity	3,000 gal (11,356 L)
Recommended Flow	0.4 to 0.5 gpm (1.51 to 1.89 lpm)
Unit Height	10" (25.4 cm)
Unit Width	2.75" dia. (7 cm)
Unit Box Dimensions	12" x 6" x 6" (30.5 x 15.2 x 15.2 cm)
Unit Shipping Weight	3.0 lbs (1.4 kg)
Packing	12 per master case
Master Dimensions	27" x 18" x 12" (68.6 x 45.7 x 30.5 cm)
Master Case Weight	33.0 lbs (13.6 kg)

Optional 5-micron pre-filter will block sediment to prolong the life of the filter

Water faucet
Diverter and adapters included

10" (25.4 cm)
